

TRANSPORT PACKAGING

THIMM transportChange is a transport packaging that can be used twice. After the product has been removed it offers added value through its second use. Viewing window cut-outs can be removed for the second use. For a high level of market awareness the packaging offers attractive printing options.

THIMM transportChange

Transport packaging with a second use

CUSTOMER BENEFITS

Added value through second use

- » After the product has been removed added value is created by using the transport packaging for a second time
- » Viewing window cut-outs can be removed for the second use
- » Easy to handle by folding and pushing in the lid without additional gluing
- » High level of market awareness through attractive printing options
- » Standardized inliner production process offers cost advantages in production

>> Design number: 142803.01.704
